

## Why is having a good vision plan so important?

Regular visits to your eye care professional are vital for your eyes. Through a routine exam, eye doctors can potentially spot serious health problems like diabetes, high blood pressure, heart disease, certain cancers and other conditions.<sup>1</sup>

That's why yearly exams may be important—even if you have perfect vision.

### Make vision care a priority.

### An example of how vision insurance can help.

We avoided going to the eye doctor due to the high cost. Thanks to **vision insurance**, we saved on eye exams and new eyewear for the whole family. Our child is adjusting to new glasses, and I love my contact lenses. This coverage is definitely worth it, and it helps us stay within our budget.\*

\*This is a fictional example. Davis Vision and MetLife do not claim that these are typical results that members will generally achieve.
