# The Veterans Affairs Dental Insurance Program (VADIP) makes coverage simple and affordable.

This dental benefit program helps protect the smiles of Veterans and their families by offering comprehensive and affordable dental coverage.

Participation in VADIP is open to Veterans enrolled in the VA health care program and eligible family members who are beneficiaries of the VA's Civilian Health and Medical Program (CHAMPVA).

You must apply with the VA to be eligible for the VA health care benefits. Please visit [www.va.gov/healthbenefits](http://www.va.gov/healthbenefits) for more information or call 1-877-222-VETS.

VADIP covers dental services provided in the United States, the District of Columbia, Puerto Rico, Guam, the U.S. Virgin Islands, American Samoa, and the Commonwealth of the Northern Mariana Islands.

<b>Annual Deductible Per Person:</b> Applies to Basic, Intermediate and Major Services	\$50.00	\$50.00	\$0.00	\$50.00

### In-Network

- Participating dentists charge negotiated fees that are typically 30–45% less than average charges in the same community.
- Negotiated fees<sup>2</sup> even apply to services your plan doesn't cover, including any you've received after you reach your plan's annual maximum.
- To find out if your dentist is in the network, visit [federaldental.metlife.com](http://federaldental.metlife.com) and use our "Find a Dentist" tool.

### Out-of-Network

- A non-participating dentist sets his or her standard fee, which is typically higher than the negotiated fee.
- You will be responsible for the difference between your dentist's charge and the covered percentage of the Maximum Allowable Charge<sup>3</sup> for a given service.

### Standard Option includes:

- \$1,300/\$1,500\* in-network annual maximum per person

### High Option provides you with additional protection from unforeseen dental costs:

- \$3,000/\$3,500\* annual maximum per person
- Orthodontia coverage for children up to age 19\*\*

\* The Annual Maximum will increase by \$200 in the Standard Option, and by \$500 in the High option on January 1st following completion of 12 months of enrollment in the selected option.

\*\* Orthodontia is for dependent children only. Orthodontia coverage is available for dependents up to age 19 and the dependent must be covered under the High option for 24 consecutive months before orthodontia will be covered.

1. Subject to frequency limitations.

2. IN-NETWORK: Negotiated fees with participating dentists are typically 30% to 45% less than average dental charges in the same community. Negotiated fees refer to the fees that participating (in-network) dentists have agreed to accept as payment in full for covered services rendered by them. Negotiated fees are subject to change. For in-network covered services, the percentages shown are the percentage of the negotiated fee that is covered by the plan. Negotiated fees may also apply to services your dental plan does not cover or services received after you've reached your annual plan maximum, depending on applicable law.

3. OUT-OF-NETWORK: Reimbursement for out-of-network services is based on the lesser of the dentist's actual fee or the Maximum Allowable Charge (MAC). The out-of-network Maximum Allowable Charge is a scheduled amount determined by MetLife.

## VADIP FAQs

### How does the Veteran Affairs Dental Insurance Program (VADIP) work?

With the MetLife VADIP you receive a wide range of benefits whether or not you and/or each eligible dependent visit an in-network dentist, plus referrals are not necessary for specialty care. But, when you visit an in-network dentist, you have the opportunity to make the most of your benefit plan because your out-of-pocket expenses may be lower. For further information about the VADIP, please visit the Frequently Asked Questions section of our website at [www.metlife.com/vadip](http://www.metlife.com/vadip).

Once you enroll in the VADIP dental program offered by MetLife, you and your eligible dependents must remain in the plan for a period of 12 months. The rates quoted at the time of enrollment are valid until the end of the calendar year.

### How do I enroll?

You may enroll in the VADIP using the below options:

Online: visit [www.metlife.com/vadip](http://www.metlife.com/vadip)

By Phone: call 1-888-310-1681 TDD 888-638-4863 8:00am EST to 11:00pm EST

By Mail: Please download, and print the enrollment form from [www.metlife.com/vadip](http://www.metlife.com/vadip)

### What do I need to do if I want to add a family member to my coverage?

If your dependents are eligible for VADIP coverage under CHAMPVA, they can enroll in the VADIP, even if the Veteran does not.

If you are a non-CHAMPVA Dependent:

- While non-CHAMPVA dependents are not eligible for the MetLife VADIP, there is a comparable plan you may be able to enroll in. You must enroll along with an eligible Veteran. For more information call 1-888-310-1681, TDD 888-638-4863, hours: 8:00am EST to 11:00pm EST.
- If the eligible Veteran has already completed enrollment, he or she must contact us at the number above to add beneficiaries to his or her plan.
- Please note that unless they meet certain disability requirements, comparable coverage for children of Veterans is available up to the age of 23. Also, after the age of 19, dependents must provide proof that they are full-time students.

# Exclusions and Limitations

Under the VADIP plan, we will not pay dental insurance benefits for charges incurred for:

- Services and treatment not prescribed by or under the direct supervision of a dentist, except in those states where dental hygienists are permitted to practice without supervision by a dentist. In these states, we will pay for eligible covered services provided by an authorized dental hygienist performing within the scope of his or her license and applicable state law;
- Services and treatment which are experimental or investigational;
- Services and treatment which are for any illness or bodily injury which occurs in the course of employment if a benefit or compensation is available, in whole or in part, under the provision of any law or regulation or any government unit. This exclusion applies whether or not you claim the benefits or compensation;
- Services and treatment received from a dental or medical department maintained by or on behalf of an employer, mutual benefit association, labor union, trust, VA hospital or similar person or group;
- Services and treatment performed prior to your effective date of coverage;
- Services and treatment incurred after the termination date of your coverage unless otherwise indicated;
- Services and treatment which are not dentally necessary or which do not meet generally accepted standards of dental practice;
- Services and treatment limited by Plan frequency limitations;
- Services and treatment resulting from your failure to comply with professionally prescribed treatment;
- Telephone consultations;
- Any charges for failure to keep a scheduled appointment;
- Any services that are considered strictly cosmetic in nature including, but not limited to, charges for personalization or characterization of prosthetic appliances;
- Services related to the diagnosis and treatment of Temporomandibular Joint Disorder (TMJ);
- Services or treatment provided as a result of intentionally self-inflicted injury or illness;
- Services or treatment provided as a result of injuries suffered while committing or attempting to commit a felony, engaging in an illegal occupation, or participating in a riot, rebellion or insurrection;
- Office infection control charges;
- Initial installation of a Denture to replace one or more natural teeth which were missing before such person was insured for Dental Insurance, except for congenitally missing natural teeth.
- Charges for copies of your records, charts or x-rays, or any costs associated with forwarding/mailling copies of your records, charts or x-rays;
- State or territorial taxes on dental services performed;
- Any charge submitted by a dentist, which is for the same services performed on the same date for the same member by another dentist;
- Services provided free of charge by any governmental unit, except where this exclusion is prohibited by law;
- Services for which the member would have no obligation to pay in the absence of this or any similar coverage;
- Services which are for specialized procedures and techniques;
- Services performed by a dentist who is compensated by a facility for similar covered services performed for members;
- Duplicate, provisional and temporary devices, appliances, and services;
- Plaque control programs, oral hygiene instruction, and dietary instructions;

- Treatment or services for injuries resulting from the maintenance or use of a motor vehicle if such treatment or service is paid or payable under a plan or policy of motor vehicle insurance, including a certified self-insurance plan;
- Hospital costs or any additional fees that the dentist or hospital charges for treatment at the hospital (inpatient or outpatient);
- Charges by the provider for completing dental forms;
- Adjustment of a denture or bridgework which is made within 6 months after installation by the same Dentist who installed it;
- Use of material or home health aids to prevent decay, such as toothpaste, fluoride gels, dental floss and teeth whiteners;
- Sealants for teeth other than non-restored, non-decayed first and second permanent molars;
- Sealants for patients age 16 and over.
- Precision attachments, personalization, precious metal bases and other specialized techniques;
- Replacement of dentures that have been lost, stolen or misplaced;
- Orthodontic services and appliances under the standard option;
- Orthodontic services and appliances for adults;
- Orthodontic services and appliances for dependent children under the age of 19 that have not been enrolled in the high plan option for the entire 24 month waiting period.
- Replacement of an orthodontic device under the standard option;

- Repair or replacement of an orthodontic device for adults;
- Repair or replacement of an orthodontic device for dependent children under the age of 19 that have not been enrolled in the high plan option for the entire 24 month waiting period;
- Replacement of lost or missing appliances;
- Fabrication of athletic mouth guard;
- Internal and external bleaching;
- Nitrous oxide;
- Oral sedation;
- Topical medicament center;
- Bone grafts when done in connection with extractions, apicoectomies or non-covered/non eligible implants;
- When two or more services are submitted and the services are considered part of the same service to one another the Plan will pay the most comprehensive service (the service that includes the other non-benefited service) as determined by MetLife;
- When two or more services are submitted on the same day and the services are considered mutually exclusive (when one service contradicts the need for the other service), the Plan will pay for the service that represents the final treatment as determined by MetLife;
- All out of network services are subject to the Maximum Allowable Charge (MAC) as determined by MetLife. The member is responsible for all remaining charges that exceed the MAC;
- Space maintainers;
- Fixed and removable appliances for correction of harmful habits;
- Appliances or treatment for bruxism (grinding teeth), including but not limited to occlusal guards and night guards;
- Local chemotherapeutic agents;
- Topical fluoride treatment for patients age 14 & older.
