How to recognize the signs of hearing loss

The signs of hearing loss can be vague and develop slowly, or they can be obvious and begin suddenly.[3] Ultimately, struggling to hear certain sounds or syllables is a telltale symptom of hearing loss.[3]

If you recognize any of these signs in yourself or a loved one, it's important to seek help.[3] Start by calling the designated number or checking the website to locate a licensed *Your Hearing Network* provider in your area. Then, schedule your hearing exam. Hearing tests are simple and pain free. As a participant in MetLife Vision Insurance with the Superior Vision network, you and your eligible family members can begin your hearing health journey.
