

Benefits for Globally-Mobile Employees

MetLife

Delivering High
Quality Solutions

At MetLife, we focus on delivering solutions. We provide a comprehensive line of global products and services and access to an extensive, well-managed global network within our high-quality benefits program. Our highly-personalized approach to design and delivery leverages our deep global capabilities in addressing each plan and employee need.

Who We Are

MetLife Expatriate Benefits began serving third-country nationals nearly 60 years ago, making us one of the oldest companies offering benefit programs to globally mobile employees. Today, MetLife covers 100 million customers all over the world, including globally-mobile employees outside the United States. Rapidly growing, MetLife continues to invest heavily in innovation and benefit solutions, delivering year after year.

CHOOSING METLIFE

MetLife's brand is one of the most recognized and trusted in the world. For nearly 150 years, we have been insuring customers, and today we serve over 90 of the top 100 FORTUNE 500®¹ companies. Finally, we constantly strengthen our global brand by extending core products and competencies to markets around the world – an important growth driver.

WORKING WITH US

Choosing MetLife is much more than selecting an insurance company. With MetLife, you can give your employees an excellent global benefits program as well as a health and benefit consumer experience that they can count on. Our unique approach offers:

- A comprehensive, flexible range of products, services and network options that can be tailored to meet your needs.
- Access to local expertise with a deep understanding of regional differences, reducing challenges receiving and paying for care – making it easier for everyone.
- One of the largest global medical networks, selectively built and managed for globally-mobile employees with over 1.1 million providers in 180 countries.
- Access to some of the largest healthcare networks in the U.S.
- A leading pharmacy benefit program through CVS Health with access to more than 68,000 retail pharmacies.
- MetLife professionals in more than 40 countries who have knowledge of country regulations, local customs and language barriers.

MEDICAL PLAN COVERAGE

Easily adapted to meet your needs, our medical plan is flexible. By offering coverage and benefits – including dental, vision and prescription drugs – we have it covered. And for those that may have smaller workforces, our Global Health Plus for 2-20 lives can be the right solution. Offering the same great features and global network as our core medical plan, our 2-20 option offers a simple and flexible plan design.

COMPLETE COVERAGE

Through our valuable benefits and services, you can select the coverage you need and customize your comprehensive benefits package with:

- Dental
- Vision
- Life
- Long Term Disability
- Accidental Death and Dismemberment
- International Business Travel Medical
- International Employee Assistance Program
- Second Opinion

Our Global Network

- Over 1.1 million providers in more than 180 countries
- 185,000 direct pay providers outside of the U.S.
- 450 medical professionals in our global medical team
- 9 Regional Service Centers⁸

Regional Service Centers – Right There, Alongside Members

Located in key areas around the world, our Regional Service Centers provide your members access to local expertise and deliver an understanding of regional differences. Putting resources closer to members provides an optimal experience for local healthcare delivery, provider referrals and customer service – all in the same time zone. That also means reduced challenges in receiving and paying for care.

Superior Service

We take pride in our service and we strive to make every experience exceptional. That's why we partner with you every step of the way. From implementation through day-to-day maintenance, you will experience a dedicated team ready to answer your questions and make your life and your employees' lives less stressful. For us, it's all about convenience and simplicity for our customers and their employees.

FROM THE BEGINNING

When you decide on MetLife, you will meet your dedicated implementation coordinator. No matter the plan size, you'll have an associate who will project manage the onboarding process and lead an integrated implementation team. Knowing the stresses that can come with implementing a new plan, our team has experience that can help you avoid any common or unexpected pitfalls.

We deliver:

- Dedicated and experienced Implementation Team
- Customized implementation plan to fit your needs
- Weekly internal governance meetings to keep all implementations on schedule
- Proactive, consistent communication

CONSISTENT, CONTINUOUS FOCUS

For many carriers, the work ends once they implement the plan. MetLife knows that implementation is just the beginning, and having a dedicated Global Account Manager is critical to a global benefit program's success. A part of the dedicated implementation team, your Global Account Manager becomes your single point-of-contact after implementation. Whether you have a question or are following up on an employee request, they are your strategic benefits partner.

TAKING THE SERVICE EXPERIENCE TO A HIGHER LEVEL

We know you need fast, easily accessible answers about your employees, including the latest information on interactions and service inquiries. With member's located continents and time-zones away, receiving a response could potentially take several days or even weeks. However, our innovative Global Service Platform captures service inquiries and claims information instantly, so your Global Account Manager has access to the latest employee information. We can provide updates as needed, without having to hang up the phone. Additionally, we can escalate an issue and identify a member with special requests within the system, providing much quicker responses and resolutions.

Convenient Tools & Resources

PRE-TRIP PLANNING

Many believe a globally-mobile employee's assignment begins once the member arrives in their new location. While that may be somewhat true, understanding the culture, language and what to expect before arriving is the optimal starting point. We help that happen by providing important tools and information, including:

- Pre-trip webinars that introduce members to traveling aboard – available any time
- Pre-recorded webinars available on-demand, customized for your plan design
- Sample electronic welcome materials and customized communications
- Network analyses with recommended providers from which to seek care
- Help with continuation of care for any upcoming surgeries or current pregnancies
- A very smooth provider onboarding process and dedicated team – we will attempt to contract with any licensed provider who meets our expatriate-oriented selection criteria

READY WHENEVER MEMBERS NEED US

No matter where or when, we have the right resources available to help answer questions, understand benefit coverage and find a provider. And with our secured website and mobile application, members have access anytime.

Self-Service Tools

MetLife is committed to developing online self-service tools to help clients and their employees to cut their paper trail, access important information and manage health care virtually anywhere². Our secure, self-service web portal, eBenefits, is available 24/7 at MetLifeExpat.com for members, clients and brokers.

eBenefits offers the following tools and resources for employees. With eBenefits, users can:

- Search for full-service hospitals, medical centers, clinics, and doctors virtually anywhere in the world;
- Print and request hard copies of their ID card or their dependents' ID cards;
- Submit claims online, check claims status, and view their claims history;
- View coverage details and update mailing address or employment status;
- Download policy documents and forms;
- Review travel information, such as warnings, country guides, passport, and visa requirements;
- Access wellness tools such as health risk assessments and personal health trackers;
- Set language preferences, to read in English, Spanish, French, Arabic, Chinese, Korean, or Hindi.

To help clients manage their globally mobile population with a single touch, we offer the following tools on eBenefits, delivering the ability to:

- Download bills
- Verify eligibility
- Review policy documents
- Search for a doctor or hospital anywhere in the world

Mobile Application

Additionally, our current mobile application is available for member use on iPhone or Android platforms.

Keeping Members Healthy and Productive

Whether members are looking to improve their health or just maintain their active lifestyle, we have the latest tools and information to help promote wellness. Members will be able to:

- Receive preventive care reminders and participate in programs to manage chronic conditions
- Complete a health risk assessment and receive a personalized activity plan for improving their health
- Get access to health coaching, support and education on a variety of behavioral areas such as tobacco cessation, physical activity and weight management
- Learn about hundreds of health topics and conditions

WELLNESS

MetLife also offers several wellness programs and initiatives that drive cost containment while focusing on keeping employees well and on assignment by encouraging a healthy lifestyle. For instance, some of the services we offer include:

- Online wellness tools
- Maternity care program
- Informed health line (24-hour nurse line)
- Online global health and travel information
- Disease management
- Preventive care and wellness member outreach and education
- High risk member engagement and support
